ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[SC-2018; FRL-9990-38-Region 4]

Air Plan Approval;

South Carolina; Update to Materials Incorporated by Reference

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule; notification of administrative change.

SUMMARY: The Environmental Protection Agency (EPA) is updating the materials that are incorporated by reference (IBR) into the South Carolina state implementation plan (SIP). The regulations affected by this update have been previously submitted by South Carolina and approved by EPA. This update affects the materials that are available for public inspection at the National Archives and Records Administration (NARA) and the EPA Regional Office.

DATES: This rule will be effective [Insert date of publication in the Federal Register].

ADDRESSES: SIP materials which are incorporated by reference into 40 CFR part 52 are available for inspection at the following locations: Environmental Protection Agency, Region 4, 61 Forsyth Street, SW, Atlanta, GA 30303; and the National Archives and Records Administration. For information on the availability of this material at NARA, call 202-741-6030, or go to: <http://www.archives.gov/federal-register/cfr/ibr-locations.html>. To view the materials at the Region 4 Office, EPA requests that you email the contact listed in the **FOR FURTHER INFORMATION CONTACT** section to schedule your inspection. The Regional Office's official hours of business are Monday through Friday 8:30 a.m. to 4:30 p.m., excluding

Federal holidays.

FOR FURTHER INFORMATION CONTACT: D. Brad Akers, Air Regulatory Management Section, Air Planning and Implementation Branch, Air, Pesticides and Toxics Management Division, Region 4, U.S. Environmental Protection Agency, 61 Forsyth Street, SW, Atlanta, Georgia 30303-8960. Mr. Akers can be reached via telephone at (404) 562-9089 and via electronic mail at akers.brad@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Background

Each state has a SIP containing the control measures and strategies used to attain and maintain the national ambient air quality standards (NAAQS). The SIP is extensive, containing such elements as air pollution control regulations, emission inventories, monitoring networks, attainment demonstrations, and enforcement mechanisms.

Each state must formally adopt the control measures and strategies in the SIP after the public has had an opportunity to comment on them and then submit the proposed SIP revisions to EPA. Once these control measures and strategies are approved by EPA, and after notice and comment, they are incorporated into the federally-approved SIP and are identified in part 52 - "Approval and Promulgation of Implementation Plans," title 40 of the Code of Federal Regulations (40 CFR part 52). The full text of the state regulation approved by EPA is not reproduced in its entirety in 40 CFR part 52, but is "incorporated by reference." This means that EPA has approved a given state regulation or specified changes to the given regulation with a specific effective date. The public is referred to the location of the full text version should they want to know which measures are contained in a given SIP. The information provided allows

EPA and the public to monitor the extent to which a state implements a SIP to attain and maintain the NAAQS and to take enforcement action for violations of the SIP.

The SIP is a living document which the state can revise as necessary to address the unique air pollution problems in the state. Therefore, EPA from time to time must take action on proposed revisions containing new and/or revised state regulations. A submission from a state can revise one or more rules in their entirety or portions of rules, or even change a single word. The state indicates the changes in the submission (such as, by using redline/strikethrough) and EPA then takes action on the requested changes. EPA establishes a docket for its actions using a unique Docket Identification Number, which is listed in each action. These dockets and the complete submission are available for viewing on www.regulations.gov.

On May 22, 1997 (62 FR 27968), EPA revised the procedures for incorporating by reference, into the Code of Federal Regulations, materials approved by EPA into each SIP. These changes revised the format for the identification of the SIP in 40 CFR part 52, streamlined the mechanisms for announcing EPA approval of revisions to a SIP, and streamlined the mechanisms for EPA's updating of the IBR information contained for each SIP in 40 CFR part 52. The revised procedures also called for EPA to maintain "SIP Compilations" that contain the federally-approved regulations and source specific permits submitted by each state agency. These SIP Compilations are updated primarily on an annual basis. Under the revised procedures, EPA must periodically publish an informational document in the rules section of the Federal Register notifying the public that updates have been made to a SIP Compilation for a particular state. EPA applied the 1997 revised procedures to South Carolina on July 1, 1997 (62 FR 35441).

II. EPA Action

This action represents EPA's publication of the South Carolina SIP Compilation update, appearing in 40 CFR part 52: specifically, the materials in paragraphs (c) and (d) at 40 CFR 52.2120. In addition, notice is provided of the following corrections to paragraph (c) of § 52.2120, as described below.

Changes Applicable to EPA-Approved South Carolina Regulations

A. Revising the heading of paragraph (c) to read "EPA-Approved regulations" and the heading of the table in paragraph (c) to read "EPA-Approved South Carolina Regulations."

B. Correcting Federal Register citations and entries listed in § 52.2120(c), as described below:

1. Under Regulation No. 62.1, entries for the state effective date and EPA approval date were removed because the entry represents only the title of the Regulation, while the Sections under the heading of the Regulation include specific approval information.
2. Under Regulation No. 62.1, "Section I," the EPA approval date was corrected to read "6/26/2018, 83 FR 29696."
3. Under Regulation No. 62.2, the EPA approval date was corrected to read "6/25/2018, 83 FR 29455."
4. Under Regulation No. 62.5, *Standard No. 1*, "Section I," the EPA approval date was corrected to read "6/25/2018, 83 FR 29455."

5. Under Regulation No. 62.5, *Standard No. 1*, “Section II,” the EPA approval date was corrected to read “6/25/2018, 83 FR 29455.”
6. Under Regulation No. 62.5, *Standard No. 1*, “Section III,” the EPA approval date was corrected to read “6/25/2018, 83 FR 29455.”
7. Under Regulation No. 62.5, *Standard No. 1*, “Section IV,” the EPA approval date was corrected to read “6/25/2018, 83 FR 29455.”
8. Under Regulation No. 62.5, *Standard No. 1*, “Section VI,” the EPA approval date was corrected to read “6/25/2018, 83 FR 29455.”
9. Under Regulation No. 62.5, *Standard No. 4*, “Section II,” the EPA approval date was corrected to read “6/25/2018, 83 FR 29455.”
10. Under Regulation No. 62.5, *Standard No. 4*, “Section III,” the EPA approval date was corrected to read “6/25/2018, 83 FR 29455.”
11. Under Regulation No. 62.5, *Standard No. 4*, “Section V,” the EPA approval date was corrected to read “6/25/2018, 83 FR 29455.”
12. Under Regulation No. 62.5, *Standard No. 4*, “Section VIII,” the EPA approval date was corrected to read “6/25/2018, 83 FR 29455.”
13. Under Regulation No. 62.5, *Standard No. 4*, “Section XI,” the EPA approval date was corrected to read “6/25/2018, 83 FR 29455.”
14. Under Regulation No. 62.5, *Standard No. 4*, “Section XII,” the EPA approval date was corrected to read “6/25/2018, 83 FR 29455.”
15. Under Regulation No. 62.5, *Standard No. 5*, “Section I,” entries for the state effective date and EPA approval date were removed because the entry

represents only the title of the Section, while the Parts under the heading of the Section include specific approval information.

16. Under Regulation No. 62.5, *Standard No. 7.1*, the explanation column was corrected to remove language applicable to Standard No. 7 and to clarify the applicable state-effective dates for Standard No. 7.1.

17. Under Regulation No. 62.6, entries for the state effective date and EPA approval date were removed because the entry represents only the title of the Regulation, while the Sections under the heading of the Regulation include specific approval information.

18. Under Regulation No. 62.7, entries for the state effective date and EPA approval date were removed because the entry represents only the title of the Regulation, while the Sections under the heading of the Regulation include specific approval information.

19. Under “Regulation No. 62.97,” the EPA approval date was corrected to read “10/13/2017, 82 FR 47936.”

III. Good Cause Exemption

EPA has determined that this action falls under the “good cause” exemption in section 553(b)(3)(B) of the Administrative Procedure Act (APA) which, upon finding “good cause,” authorizes agencies to dispense with public participation and section 553(d)(3) which allows an agency to make an action effective immediately (thereby avoiding the 30-day delayed effective date otherwise provided for in the APA). This administrative action simply codifies provisions

which are already in effect as a matter of law in Federal and approved state programs, corrects typographical errors appearing in the CFR, and makes ministerial changes to the prefatory heading to the tables in the CFR. Under section 553(b)(3)(B) of the APA, an agency may find good cause where procedures are “impracticable, unnecessary, or contrary to the public interest.” Public comment for this administrative action is “unnecessary” and “contrary to the public interest” since the codification (and typographical corrections) only reflect existing law and the changes to the prefatory heading to the tables is ministerial in nature. Immediate notice of this action in the Federal Register benefits the public by providing the public notice of the updated South Carolina SIP Compilation and notice of typographical corrections and ministerial changes to the South Carolina “Identification of Plan” portion of the Federal Register. Further, pursuant to section 553(d)(3), making this action immediately effective benefits the public by immediately updating both the SIP Compilation and the CFR “Identification of plan” section (which includes table entry corrections).

IV. Incorporation by Reference

In this rule, EPA is finalizing regulatory text that includes incorporation by reference. In accordance with requirements of 1 CFR 51.5, EPA is finalizing the incorporation by reference of previously EPA-approved regulations promulgated by South Carolina and federally effective prior to October 1, 2018. EPA has made, and will continue to make, these materials generally available through www.regulations.gov and at the EPA Region 4 Office (please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section of this preamble for more information).

V. Statutory and Executive Order Reviews

Under the CAA, the Administrator is required to approve a SIP submission that complies with the provisions of the Act and applicable Federal regulations. *See* 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, EPA's role is to approve state choices, provided that they meet the criteria of the CAA. Accordingly, this notification of administrative change does not impose additional requirements beyond those imposed by state law. For that reason, this action:

- Is not a significant regulatory action subject to review by the Office of Management and Budget under Executive Orders 12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3821, January 21, 2011);
- Is not an Executive Order 13771 (82 FR 9339, February 2, 2017) regulatory action because SIP approvals are exempted under Executive Order 12866;
- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
- Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Public Law 104-4);
- Does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
- Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);

- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
- Is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the CAA; and
- Does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

In addition, this notice of administrative change for the State of South Carolina does not have Tribal implications as specified by Executive Order 13175 (65 FR 67249, November 9, 2000), because it does not have substantial direct effects on an Indian Tribe. The Catawba Indian Nation Reservation is located within the boundary of York County, South Carolina. Pursuant to the Catawba Indian Claims Settlement Act, S.C. Code Ann. 27-16-120, “all state and local environmental laws and regulations apply to the [Catawba Indian Nation] and Reservation and are fully enforceable by all relevant state and local agencies and authorities.” EPA notes this action will not impose substantial direct costs on Tribal governments or preempt Tribal law.

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this action and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to

publication of the rule in the Federal Register. A major rule cannot take effect until 60 days after it is published in the Federal Register. This action is not a “major rule” as defined by 5 U.S.C. 804(2).

EPA also believes that the provisions of section 307(b)(1) of the CAA pertaining to petitions for judicial review are not applicable to this action. This is because prior EPA rulemaking actions for each individual component of the South Carolina SIP Compilation previously afforded interested parties the opportunity to file a petition for judicial review in the United States Court of Appeals for the appropriate circuit within 60 days of such rulemaking action. Thus, EPA believes judicial review of this action under section 307(b)(1) is not available.

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Carbon monoxide, Incorporation by reference, Intergovernmental relations, Lead, Nitrogen dioxide, Ozone, Particulate matter, Reporting and recordkeeping requirements, Sulfur oxides, Volatile organic compounds.

Dated: February 20, 2019.

Mary S. Walker,
Acting Regional Administrator,
Region 4.

40 CFR part 52 is amended as follows:

PART 52—APPROVAL AND PROMULGATION OF IMPLEMENTATION PLANS

1. The authority for citation for part 52 continues to read as follows:

Authority: 42 U.S.C. 7401 *et seq.*

Subpart PP—South Carolina

2. In § 52.2120, paragraphs (b), (c), and (d) are revised to read as follows:

§ 52.2120 Identification of plan.

* * * * *

(b) *Incorporation by reference.* (1) Material listed in paragraphs (c) (Volume 1) and (d) (Volume 2) of this section with an EPA approval date prior to October 1, 2018, was approved for incorporation by reference by the Director of the Federal Register in accordance with 5 U.S.C. 552(a) and 1 CFR part 51. Material is incorporated as it exists on the date of the approval, and notice of any change in the material will be published in the Federal Register. Entries in paragraphs (c) (Volume 1) and (d) (Volume 2) of this section with EPA approval dates after October 1, 2018, will be incorporated by reference in the next update to the SIP compilation.

(2) EPA Region 4 certifies that the rules/regulations provided by EPA in the SIP compilation at the addresses in paragraph (b)(3) of this section are an exact duplicate of the officially promulgated State rules/regulations which have been approved as part of the State Implementation Plan as of the dates referenced in paragraph (b)(1) of this section.

(3) Copies of the materials incorporated by reference may be inspected at the Region 4 EPA Office at 61 Forsyth Street, SW., Atlanta, GA 30303. To obtain the material, please call (404) 562-9022. You may inspect the material with an EPA approval date prior to October 1,

2018, for South Carolina at the National Archives and Records Administration. For information on the availability of this material at NARA go to: <http://www.archives.gov/federal-register/cfr/ibr-locations.html>.
